Title 21: Crimes and Punishments
Part IX. Boating Safety
Chapter 80: Boating Safety Act of 2021
§ 4210.12. Laboratory report--Evidence
Cite as: 21 CNCA § 4210.12

A. At any proceeding held relevant to this act, a report of the findings of the laboratory of the Oklahoma State Bureau of Investigation, the medical examiner's report of investigation or autopsy report, or a laboratory report from a forensic laboratory operated by the State of Oklahoma or any political subdivision thereof, which has been made available to the person or an authorized representative at least five (5) days prior to the hearing, with reference to all or part of the evidence submitted, when certified as correct by the persons making the report shall be received as evidence of the facts and findings stated, if relevant and otherwise admissible in evidence. If the report is deemed relevant by either party, the court shall admit the report without the testimony of the person making the report, unless the court, pursuant to this subsection, orders the person to appear.

B. When any alleged controlled dangerous substance has been submitted to the laboratory of the Oklahoma State Bureau of Investigation for analysis, and the analysis shows that the submitted material is a controlled dangerous substance, the distribution of which constitutes a felony under the laws of this Nation, no portion of the substance shall be released to any other person or laboratory absent an order of a district court. The defendant shall additionally be required to submit to the court a procedure for transfer and analysis of the subject material to ensure the integrity of the sample and to prevent the material from being used in any illegal manner.

C. The court, upon motion of either party, shall order the attendance of any person preparing a report submitted as evidence in the hearing when it appears there is a substantial likelihood that material evidence not contained in the report may be produced by the testimony of any person having prepared a report.

D. If within five (5) days prior to the hearing or during a hearing, a motion is made pursuant to this section requiring a person having prepared a report to testify, the court may hear a report or other evidence but shall continue the hearing until such time notice of the motion and hearing is given to the person making the report, the motion is heard, and, if sustained, the testimony ordered can be given.
